GREAT LEARNING CONVERSATIONS

You're invited to the Great Learning Conversations! The Kidsburgh team is excited to be co-hosting these public conversations with eleven school districts in the greater Pittsburgh area. We want to hear from parents and caregivers on what they feel is the purpose of a child's K-12 journey. And we'll ask: How can schools and communities best partner with families? We'll also share survey and research highlights from The Brookings Institution and HundrED, as well as school-parent engagement ideas from local parents identified through IDEO's human-centered design process. Join us in this conversation as we remake learning together for our kids.

Hampton parents and caregivers are invited to join us for a special evening!

Guest speakers from The Brookings Institution join us virtually to share research findings on what parents believe is the purpose behind their child's K-12 education and how parent support can influence that journey. Then, let's brainstorm together on how schools and communities can better support parents in their child's educational success.

Metz
CULINARY MANAGEMENT
ENVIRONMENTAL SERVICES

Dear Parents and Guardians,

Welcome to dining services with Metz Culinary Management at Hampton Township School District for the 2021-22 school year. We look forward to providing the highest level of service to your child(ren) this year.

Hampton Township School District will be providing free meals to all students in all buildings during the breakfast and lunch periods.

We are actively preparing for how food service will operate on a day-to-day basis in the new school year, and are working with the District administrators each step of the way. Metz Culinary Management wants to assure you that our primary concern is the **safety** of all involved. We are committed to the highest level of sanitation, safety, and service. You can expect the following from our highly trained, professional team members:

- Our team members will practice social distancing during our shifts and service.
- We will require frequent handwashing.
- Our team members will work diligently on disinfecting tables and high touchpoints in the cafeteria and work areas.

In addition to the safety measures listed above, Metz Culinary Management will continue to use deposit envelopes for the students and staff to assist with the safe method of making payments. Students and parents will have access to these envelopes and of course you can still make electronic payments, which is encouraged. The deposit envelopes are to be filled out and handed to a cashier in the cafeteria in the morning or in the cafeteria line during lunch. The cashier will deposit those funds in the account later in the day and no change will be given, which will greatly assist with keeping physical contact to a minimum.

Our menu options will be prepared to the highest safety standards and will include a variety of fresh fruits and vegetables, whole grain breads, and an entrée, sandwich, or salad selection that your child will love while providing them with nutritious meal.

We are proud of our relationship with Hampton Township School District and are honored and proud to serve your child(ren). Please feel free to contact me with any questions or concerns.

Sincerely,

Mindy Baginski
