Our Goal: Apply Science to Everything. It's how we learn and innovate!

Our age-appropriate workshops foster creativity and promote a do-it-yourself mentality. Our students get their hands dirty and their minds working as they solve, invent, analyze, and apply science to the things they do every day!

Outside the Box Labs For Grades 1-5

Join Outside the Box Labs after school at **Wyland Elementary** for **five weeks** of incredible fun, excitement and exploration as we examine the world through the lens of science!

Program Details

Wyland Elementary, After School

Start date: April 12th
(4/12, 19, 26, 5/3, 10)

Wednesdays
From 3:45-4:45pm

Student Registration Fee: \$100

MORE SCIENCE. MORE WOW MOMENTS.

Our goal is to inspire a new generation of students to see science for what it is: A way to solve, figure out and discover. Knowledge is power, but only when you apply it. Students will delve deep into the sciences and will have the opportunity to apply everything they learn through high-energy, low-stress exploration.

Our after-school program is just the beginning – Participants can go home and continue to apply and experiment by utilizing our “**Take it Further**” video series, participating in our **Weekend Workshops**, using our take home **Science Kits**, and enrolling in **Summer Camps**. Outside the Box Labs provides our participants, teachers and the community with a lifelong resource to promote learning and applying science.
