

Mindfulness Club for Kids (MC4K)

In this after school program, students in grades 2-5 will learn about mindfulness. Elementary School Counselors, Mrs. Kinney and Mrs. Maley, will help students to build mindfulness skills. Mindfulness is the awareness of one's present state, emotions, and surroundings. This program will help students learn to focus on the present, strengthen their self-control, be aware of their surroundings, be aware of their emotional state, and accept themselves for who they are. Each week students will participate in various fun mindful activities such as: create a Mindfulness Bottle, practice relaxation poses, play fun mindfulness games, and learn about positive self-statements that they can use in their everyday lives.

This after school club will be held from 3:45-4:45 at **Central Elementary** on the following **MONDAYS: 9/13, 9/20, 9/27, 10/4, 10/18, 10/25**. Registration is \$50 per student and includes all materials and instruction. If paying by check, please make it payable to "**Melissa Maley**."

To register, please send the completed form (below) with payment to your child's school office in an envelope labeled "**School Counselor- After School Club**." All registrations should be sent to school by **Thursday, 9/9**. Please email any questions you may have to maley@ht-sd.org or kinney@ht-sd.org. *If the cost is prohibitive*, please contact Mrs. Maley or Mrs. Kinney with any questions.

*We will continue to follow all school mitigation strategies . *This activity is offered as an additional opportunity for students and is not sponsored by the Hampton Township School District.

ATTENTION CREATIVE THINKERS!

Hampton Township Schools want you to join:

Why Odyssey of the Mind is Good for Students . . .

Odyssey of the Mind teaches students to learn creative problem-solving methods while having fun in the process. By tapping into creativity, and through encouraging imaginative paths to problem-solving, students learn skills that will provide them with the ability to solve problems -- great and small -- for a lifetime. Odyssey of the Mind teaches students how to think divergently by providing open-ended problems that appeal to a wide range of interests. Students learn how to identify challenges and to think creatively to solve those problems. They are free to express their ideas and suggestions without fear of criticism. The creative problem-solving process rewards thinking "outside of the box."

In Odyssey of the Mind . . .

- Students develop team-building skills by working in groups of as many as seven students per team.
- Students learn to examine problems and to identify the real challenge without limiting the possible solutions and their potential success.
- The creative thinking process is nurtured and developed as a problem-solving tool.
- Students of all types will find something that will appeal to them.

Who Can Participate . . .

All students in kindergarten through 12th Grade are invited to join Odyssey of the Mind! Teams will be formed for K-2, 3-5, 6-8 and 9-12. Sign-up online here:

<https://htsdodysseyofthemind.weebly.com/student-sign-up.html>

To Learn More . . .

- Read the letter below for more information from Dr. Bennett, Hampton Township Odyssey of the Mind Coordinator
- Visit the Odyssey of the Mind website at www.odysseyofthemind.com
- See your enrichment coordinator
- Join us for a kick-off event at **HMS Auditorium at 6:30 PM on Wednesday, September 8** to solve spontaneous problems together as a family!

Dear HTSD Families,

Hampton Township Odyssey of the Mind would like to invite interested students to register for an [Odyssey of the Mind](#) team problem solving activity again this year. Odyssey of the Mind teams work together to creatively solve spontaneous verbal and hands-on challenges as well as one long-term problem per season. Participants learn team building skills and develop their own talents and creative thinking skills to present a unique solution to a posed problem. Teams will be organized by grade (K-2, 3-5, 6-8 and 9-12) and meetings will be scheduled based on the coaches' availability. Teams will have between 3-7 members and may have a tournament registration fee of no more than \$60 per team member depending on individual contributions, PTO support, and corporate sponsorships. The time commitment is September through February (or through May if teams advance to states and worlds), with one to two-hour meetings at least two times a month (times to be set by the coaches),

Regional Tournament date is TBD March 2021 (usually the first Saturday in March) and students may have possible trips to the State Tournament and Worlds Tournament in April and May respectively. The tournament schedule will be posted on www.wpaodyssey.org. You are encouraged to look at the Odyssey of the Mind website, www.odysseyofthemind.com and look over this year's problem synopses with your child to decide if this is something they might want to participate in. K-2 students have the option of participating in the Primary Division problem, which is a non-competitive division that does their performance at the regional tournament without advancing to the state or world tournaments.

We can have as many teams as we have parent volunteer coaches. Parents who volunteer to coach will be guaranteed their child's spot on a team. After that, if we do not have enough coaches per student ratio, a lottery will be held to determine the remaining team members. Because Odyssey of the Mind usually has a coaches' training scheduled for the first Saturday in November, we need to form teams and begin meeting as soon as possible. I will hold a brief coaches' training for new and returning district coaches before team meetings begin in the last couple of weeks of September.

Please fill out the sign-up form online by **Wednesday, September 15, in order to sign up to participate this year. No money is due at sign-up.** The Hampton Township Odyssey of the Mind Association works hard each year to make sure any Hampton student who wants to participate in the program may do so with little to no cost. There may be travel costs for families of teams advancing to state or world tournaments.

If you have any questions about the program, please contact us at HTSDOotM@gmail.com or visit our website. Here is the sign-up form link <https://htsdodysseyofthemind.weebly.com/student-sign-up.html> .

Thank you,
Mary Lynne Bennett
HTSD OotM Coordinator

Metz
CULINARY MANAGEMENT
ENVIRONMENTAL SERVICES

Dear Parents and Guardians,

Welcome to dining services with Metz Culinary Management at Hampton Township School District for the 2021-22 school year. We look forward to providing the highest level of service to your child(ren) this year.

Hampton Township School District will be providing free meals to all students in all buildings during the breakfast and lunch periods.

We are actively preparing for how food service will operate on a day-to-day basis in the new school year, and are working with the District administrators each step of the way. Metz Culinary Management wants to assure you that our primary concern is the **safety** of all involved. We are committed to the highest level of sanitation, safety, and service. You can expect the following from our highly trained, professional team members:

- Our team members will practice social distancing during our shifts and service.
- We will require frequent handwashing.
- Our team members will work diligently on disinfecting tables and high touchpoints in the cafeteria and work areas.

In addition to the safety measures listed above, Metz Culinary Management will continue to use deposit envelopes for the students and staff to assist with the safe method of making payments. Students and parents will have access to these envelopes and of course you can still make electronic payments, which is encouraged. The deposit envelopes are to be filled out and handed to a cashier in the cafeteria in the morning or in the cafeteria line during lunch. The cashier will deposit those funds in the account later in the day and no change will be given, which will greatly assist with keeping physical contact to a minimum.

Our menu options will be prepared to the highest safety standards and will include a variety of fresh fruits and vegetables, whole grain breads, and an entrée, sandwich, or salad selection that your child will love while providing them with nutritious meal.

We are proud of our relationship with Hampton Township School District and are honored and proud to serve your child(ren). Please feel free to contact me with any questions or concerns.

Sincerely,

Mindy Baginski
Food Service Director

GREAT LEARNING CONVERSATIONS

You're invited to the Great Learning Conversations! The Kidsburgh team is excited to be co-hosting these public conversations with eleven school districts in the greater Pittsburgh area. We want to hear from parents and caregivers on what they feel is the purpose of a child's K-12 journey. And we'll ask: How can schools and communities best partner with families? We'll also share survey and research highlights from The Brookings Institution and HundrED, as well as school-parent engagement ideas from local parents identified through IDEO's human-centered design process. Join us in this conversation as we remake learning together for our kids.

Hampton parents and caregivers are invited to join us for a special evening!

Guest speakers from The Brookings Institution join us virtually to share research findings on what parents believe is the purpose behind their child's K-12 education and how parent support can influence that journey. Then, let's brainstorm together on how schools and communities can better support parents in their child's educational success.

DATE: Thursday, September 23, 2021

TIME: 6:00-7:15PM

WHERE: Hampton Middle School Library

RSVP: https://bit.ly/GLC_Hampton

Co-hosted by:

High-quality health care coverage from CHIP helps keep kids strong

CHIP COVERS

- Routine check-ups
- Prescriptions
- Hospitalization
- Dental
- Eye Care
- Eyeglasses
- Behavioral care
- Specialty care
- More

CHIP covers uninsured kids up to age 19 in Pennsylvania. It doesn't matter why your kids don't have health coverage right now; CHIP may be able to help. Most kids receive CHIP for free. Others can get the same benefits at a low cost.

CHIP is brought to you by leading health insurance companies who offer quality, comprehensive coverage.

There is no limit on income. If your income is below CHIP guidelines, your child may be enrolled in Medical Assistance.
